TRANSFORMING
THE WORLD
OF TEXTILES

Transformation Starts With Innovation

Start-Up Valley, a new initiative by CEMATEX, spotlights innovative young companies in the textile, garment and fashion industry.

CEMATEX is excited to offer start-ups an opportunity to leverage ITMA - the largest global stage for the textile and garment industry, to showcase their innovation, as well as expand industry connections and professional network to bring their business and ideas to the next level.

Start-Up Valley exhibitors can gain additional profiling opportunities by presenting at the Innovator Xchange or participating in the Innovation Video Showcase and ITMA Sustainable Innovation Award.

Application for the Start-Up Valley is now open! Eligible start-ups can save on exhibition fees by applying for the CEMATEX Start-Up Grant.

Cutting-Edge Technologies for the Entire Value Chain

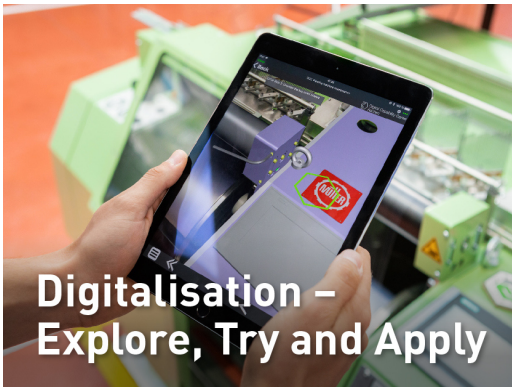

With exhibits spanning across 20 sectors, ITMA is the only business platform that showcases the latest trends and solutions for the whole textile and garment value chain.

As the world converges at the largest industry gathering that takes place once every 4 years, seize this prime opportunity to grow your business alongside leading innovators at ITMA 2023.

Fresh Read from ITMA Blog

**Digitalisation –
Explore, Try and Apply**

Industry 4.0 is definitely the key to productivity gains. However, few forerunners in the textile industry are currently equipped for true Industry 4.0.

Professor Thomas Gries, Chair of Textile Engineering and Head of the Institute for Textile Technologies (ITA) RWTH Aachen University
